

Pt. 651, App. B

A-25. Disposal of uncontaminated buildings and other improvements for removal off-site. (REC required.)

A-26. Studies that involve no commitment of resources other than manpower. (REC required.)

A-27. Study and test activities within the procurement program for Military Adaptation of Commercial Items for items manufactured in the U.S. (REC required.)

A-28. Development of table organization and equipment documents, no fixed location or site.

A-29. Grants of leases, licenses, and permits to use DA property for or by another governmental entity when such permission is predicated upon compliance with the NEPA. (REC required.)

Section II: Screening Criteria

A-30. A CX is a category of actions that do not individually or cumulatively have a significant effect on the human environment and for which, therefore, neither an EA nor an EIS is required.

A-31. A CX may be used only when the criteria of paragraphs 4-1 and 4-2 have been applied and each of the following are true:

(a) This action is not a major federal action significantly affecting the quality of the human environment.

(b) There are minimal or no individual or cumulative effects on the environment as a result of this action.

(c) There is no environmentally controversial change to existing environmental conditions.

(d) There are no extraordinary conditions associated with this project.

(e) This project does not involve the use of unproven technology.

(f) This project involves no greater scope or size than is normal for this category of action.

(g) There is no potential of an already poor environment being further degraded.

(h) This action does not degrade an environment that remains close to its natural condition.

(i) There are no threatened or endangered species (or critical habitat), significant archaeological resources, National Registered or National Register eligible historical sites, or other statutorily protected resources.

(j) This action will not adversely affect prime or unique agricultural lands, wetlands, coastal zones, wilderness areas, aquifers floodplains, wild and scenic rivers, or other areas of critical environmental concern.
